

Senior Intraday Power Trader

Do you want to join an energy trading start-up with high ambitions and experienced colleagues? Do you thrive in a fast-paced environment, and do you have a strong will to win? Would you like to take your career to the next level and join our journey on scaling power trading activities across Europe? Here is your chance to join Copenhagen Energy Trading's highly ambitious intraday team.

The job

The intraday team began their journey late last year with our first trade being conducted on December 28, 2021. After a very successful launch, we are now scaling up our activities. The Senior Trader will play a vital role in this effort by providing valuable insights into how we develop the team and the strategies that we deploy. Furthermore, we plan on opening an office in Australia or Asia within the next 12 months and the role could potentially involve setting up this office, although it is not a requirement.

We offer

- Professional and highly ambitious colleagues who set the bar high
- A great opportunity to join a young and growing company with a true start-up feeling
- Trading (working) from home flexibility
- Potential to work from and help setting up an office out of Australia or Asia
- Several social and professional events such as sports and parties
- A competitive salary with a performance-based bonus scheme with unlimited upside

Responsibilities

- Trade power across CET's active markets in Europe within our risk mandates
- Create and execute trading strategies
- Conduct market analysis for active and new markets
- Work closely with developers and analysts
- Participate in the team's shift scheme covering day, evening, and weekend shifts

Qualifications

- 2+ years of experience trading intraday power preferably from a major trading house
- Full professional proficiency in English – both written and verbal
- Competitive mindset and ability to thrive in a fast-paced environment
- Big plus if have some coding and quantitative analysis skills

About Copenhagen Energy Trading

Copenhagen Energy Trading A/S was founded in 2021 and is part of Copenhagen Energy Group.

We specialize in short-term proprietary wholesale power trading in Europe. We deploy in-house developed discretionary trading strategies as well as system-based trading strategies with the use of advanced analytics. We are currently active in five markets and planning entry into another two to three this year. Our goal is to build a leading intraday power trading desk in Europe.

Next steps

To apply, submit your cover letter, CV, and relevant school diplomas. We will be screening candidates on an ongoing basis. For more information or any questions, you are welcome to contact Director of Trading Zlatan Bejdic at zb@copenhagen-energy.com.
